PROFILE

Responsible and organized young designer with a strong interest in print processes and graphic design. I have knowledge in prepress preparation and key graphic software. I work with precision, always meet deadlines, and am eager to learn new technologies and processes in the field of print and design. I bring **5 years of experience in graphic design**, including **4 years of intensive, practice-oriented training**. During this time, I worked on both real and academic projects as well as independent assignments. After graduation, I have continued to grow through practical courses and personal projects. I stand out with my experience in **Photoshop, Illustrator, InDesign, and After Effects**, (gaining experience in Figma since September) as well as adaptability, teamwork skills, and a strong desire to contribute to quality and efficiency in any project I take on.

EMPLOYMENT
